To whom it may concern

We write this letter to confirm we are working with MEP Engineering.

Company MEP Engineering providing consulting and building engineering design services has been our partner since 2011.

During this period MEP Engineering demonstrated a responsible and proactive approach for the solution of extraordinary technical problems, as well as the ability to perform quality work in tight deadlines.

We also want to mention important contribution of Chief Engineer of Projects – Alexey Vestin, who had shown himself as a reliable, qualified, responsive partner and demonstrated professional experience and excellent skills of unusual tasks solving.

On behalf of Blank Architects we recommend company MEP Engineering as a reliable and stable business partner for realization of projects.

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains the text: "ОТКРЫТОЕ АКЦИОНЕРНОЕ ОБЩЕСТВО 'БЛАНК АРХИТЕКТС'" (Open Joint-Stock Company "Blank Architects"), "ЗАО 'Blank Architects'", "МОСКВА" (Moscow), and the identification number "330009974".

Yours sincerely

Piotr Fafara
Partner
CJSC „Blank Architects”
